Training and workforce planning arrangements

Arrangements in place during the last financial year for identifying, planning and meeting the training needs of staff employed by the service provider.	Via the LMS system, staff complete modules before starting employment. For each module completed they get paid a fixed sum. Within the 6 month probationary period, staff get the opportunity to attend face to face training (relevant to their role). We plan the training courses for the year, with plenty of courses available. Training is booked in advance (usually 6 months). Other training may be identified through supervisions.
Arrangements in place during the last financial year for the recruitment and retention of staff employed by the service provider.	In-house recruitment provides a focus to the critical area of staffing ensuring efficient, effective and robust hiring in accordance with CIW regulations. Advertising/sourcing methods include job boards, poster campaigns, recruitment days, internal advertising, and an employee referral scheme. Overseas recruitment is a vital part of our staffing strategy and the immigration/sponsorship process is managed centrally.
